TRAINING AND PRODUCT TOUR

SEW EURODRIVE

SHERATON GRAND RAPIDS AIRPORT HOTEL
5700 28th Street SE
Grand Rapids, MI 49546
Light refreshments served

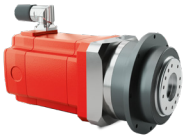

DATE \ TIME
Tuesday, 12/8, 9:00 am - 5:00 pm
Happy Hour from 5:00 - 6:00 pm
Wednesday, 12/9, 9:00 am - 2:00 pm

REGISTER

Explore gearmotor and automation solutions through live demos and expert support. Ideal for new engineers and maintenance personnel, with training on fundamentals, applications, and key concepts like safety factor and slip.

GEARMOTORS & GEAR UNITS

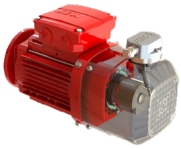

SERVOMOTORS & GEAR UNITS

HIGH-EFFICIENCY MOTORS

LOW-VOLTAGE DRIVES

AC MOTORS & OPTIONS

INVERTERS & DRIVES

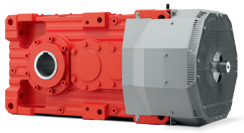

DECENTRALIZED DRIVE APPLICATIONS

MOVITRANS CONTACTLESS ENERGY TRANSFER

STAINLESS STEEL

HEAVY INDUSTRIAL GEAR UNITS

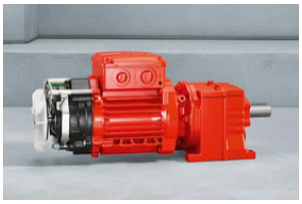

TRAINING SESSIONS:

Power Transmission Overview

Learn gearmotor design and types, when to use them, and key application factors, including safety factor, slip, and performance considerations for reliable operation.

12/8: 10:00 AM, 2:00 PM
12/9: 10:00 AM

High-Performance SEW Brake Operation

Learn the fundamental operation of a standard SEW brake, including how to properly set the required air gap, troubleshoot common issues, and configure wiring.

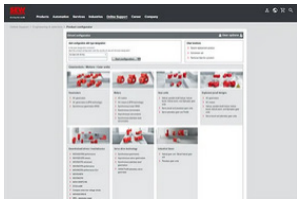

12/8: 10:30 AM, 2:30 PM
12/9: 10:30 AM

Maximum Motor Speed Range – "Motor Supercharging"

Discover how to extend your speed range by pushing VFDs beyond 60 Hz. Gain insight into improving system stability, optimizing performance, and reducing overall costs.

12/8: 11:00 AM, 3:00 PM
12/9: 1:00 PM

Sizing and Selection for Dynamic Applications

Let SEW assist you in sizing your next application. Explore the basics of our powerful Workbench software and learn how it determines the most efficient and effective solution.

12/8: 11:30 AM, 3:30 PM
12/9: 11:30 AM
